About us,

We are a company with team who likes to create and share innovative items to the industry. Our team has over 11 years' experience on flag, banner and the hardwares from 2010. We have widely communicated with most experienced persons and companies in the industry from European countries, the U.S, Southeastern Asia, Africa etc all over the world.

We include **"MY"** in the company name. Firstly, we hope we can supply unique **"MY"** items instead of simple copying. Secondly, **"MY"** can also be understood as "Mine and Yours" which can combine our idea and business together.

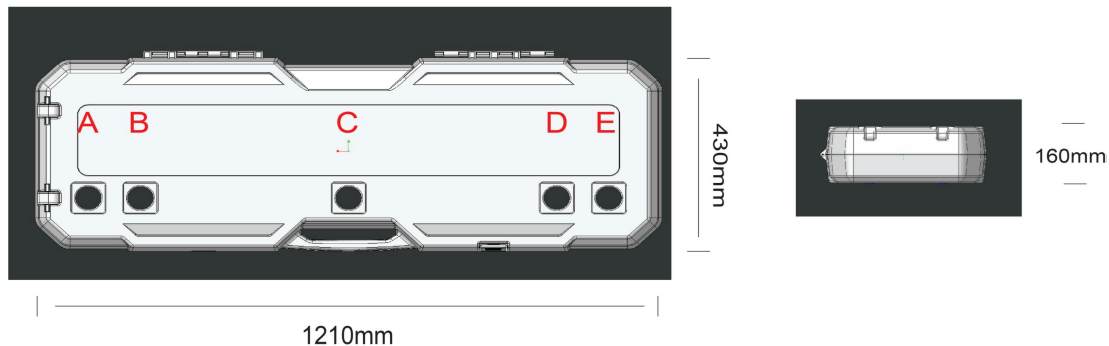

Continuous Creating and great service is what our company relies on to move ahead for a long term development. Our aim is to design, produce and share our unique design items with you. We warmly welcome you to give frank suggestions to us and our products. Look forward to win-win cooperation .

Why choose us,

- Experienced team in the flag&banner industry for over 10 years.
- Passionate and Innovative to develop new items.
- Perfect quality control and Timely best service.
- Over 6 moulds to keep products Unique.
- Patent product design and Registered trademarks.
